UV Bibliography

(2002). Ultraviolet Radiation Session CS36. ASLO 2002 Summer Meeting, Victoria, B.C., Canada.

(1998). The Right Choice at the Right Time, Environment Canada.

(1997). "Special Issue: UV-B and Biosphere." Oecologia **128**(1-2): 1-296.

(1997). Ozone depletion FAQ Part IV: UV radiation and its effects, Ohio State University.

(1997). The effects of ultraviolet-B radiation on higher plants - Chapter one. Plants for Environmental Studies. W. Wang, Gorsuch, Joseph W., and Jane S. Hughes, CRC Press**:** 2-35.

(1996). Ultraviolet penetration of lake water. ACID NEWS. **4**.

(1996). NASA Facts: Ozone: What is it, and why do we care about it? Greenbelt, MD, NASA, Goddard Space Flight Center**:** 1-4.

(1995). The U.S. Interagency UV-Monitoring Network Plan, United State Global Change Research Program**:** 1-51.

(1995). Effects of increased ultraviolet radiation in the Arctic - an interdisciplinary report on the state of knowledge and research needed. Danish workshop was an international open workshop; Greenland workshop was on health effects; final workshop was held in Washington DC, Denmark 14-14 April 1994, Kangerlussuaq, Greenland, 2-5 December 1994, Washington D.C. 21-23 January 1995, International Arctic Science Committee.

(1994). The effects of increased UV-B radiation (This is executive summary of a report from the Environment Canada *Workshop on the effects of increased UV-B radiation* which was held in Toronto in April 1993. DELTA (a publication of Canandian Global Change Program). **5:** 5, 7-9.

(1992). Our Ozone Shield (of the Reports to Our Nation on our Changing Planet), University Corporation for Atmospheric Research**:** 1-21.

(1992). Our Ozone Shield (of the Reports to Our Nation on our Changing Planet), University Corporation for Atmospheric Research**:** 1-21.

(1992). Effects of Ultraviolet Radiation on Biological Systems. A research implementation plan addressing the impacts of increased UV radiation due to stratospheric depletion, Budapest, SCOPE.

1992). Effects of increased ultraviolet radiation on global ecosystems. Workshop arranged by Scientific Committee on Problems of the Environment (SCOPE). A research implementation plan addressing the impacts of increased UV-B radiation due to stratospheric ozone depletion on global ecosystems., Tramariglio, (Sassari) Sardinia., SCOPE.

(1991). Justification and criteria for the monitoring of ultraviolet (uv) radiation. UV-B Measurements Workshop, Denver, Colorado, National Atmospheric Deposition Program.

(1989). Ozone: Can we repair the sky? Consumer Reports reprint.

(1989). Environmental effects panel report - Pursuant to Article 6 of the Montral Protocol on Substances that deplete the ozone layer under the auspices of the United Nations Environment Programme (UNEP), United Nations Environment Programme**:** i-63 and appendices.

(1986). Effects of Changes in Stratospheric Ozone and Global Climate Volume 1: Overview. International Conference on health and environmental effects of ozone modification and climate change, US EPA and UNEP.
